

CITY OF FOUNTAIN & PROJECT TEAM INTERACTION

CITY OF FOUNTAIN & PUBLIC INTERACTION

STEERING COMMITTEE

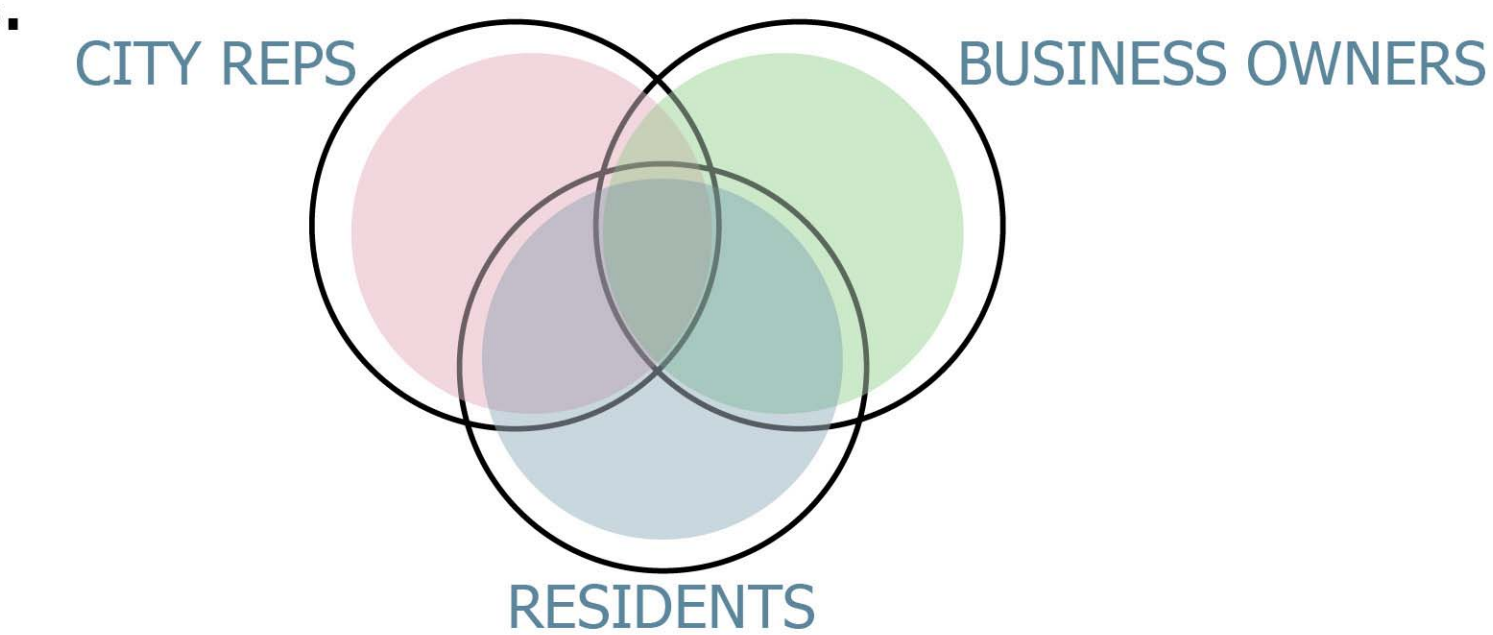

• A Steering Committee has been formed for the Design Guidelines Project.

• **WHAT?**

The Steering Committee is a group that decides on goals and priorities for the project. The Committee provides suggestions for design direction, community representation to the project and project representation to the community.

• **WHO?**

The Steering Committee is a combination of City Representatives, Business Owners and Residents.

• **HOW?**

The Steering Committee provides input and raises issues for consideration during the development of the project. The Steering Committee's local knowledge and expertise, as well as acting on behalf of the larger community, helps to create a project that best meets the goals of the community. Steering Committee members will reach out to the community to ensure a variety of stakeholder concerns are both voiced and heard.

• **WHEN?**

The Steering Committee meets once a month with the Project Team to review Information and make recommendations to the Urban Renewal Authority.

GENERAL PUBLIC

- Opportunities will be available throughout the project duration. Providing input helps create a solution that meets the desires and needs of the whole community.
- Check www.furaco.org for updates.
- A public interaction workshop will be held in the second week of September. Watch for updates at furaco.org.
